BRINGING IN YOUR OWN MATERIAL

All outside sourced material must be staff-approved prior to use. This can be done as you drop off the material or during Open LAB hours. Make sure to bring extra material for testing!

PRICING

JOB COST IS CALCULATED ACCORDING TO:

TIME

\$0.42 PER MINUTE

this includes the use of the laser as well as any project consulting, material setup & more

FOOD FOR THOUGHT

files that are more detailed, have lots of rastering or are on thicker material will take longer and will cost more!

MATERIAL

THE COST VARIES BY KIND, THICKNESS, SIZE, AND AMOUNT using your own material has no material charge
