*ISS students are enrolled in IS8100A to attend preparation sessions for their placement in the following term. The placement requirement is evaluated following the completion of IS8100B. The final assessment will normally be Pass/Fail.

**The major research paper (MRP) is considered to be a Milestone. A Milestone is a component of a program which is required for graduation, but is not offered in a traditional in-class course framework. ISS students are enrolled in the Milestone when they are ready to commence work on their MRP. The final assessment will normally be Pass/Fail.
