International undergraduate students

# Get real-world experience

Whichever program you choose at TMU, you'll have one-of-a-kind learning opportunities both on campus and off. From paid co-op work with top employers to internships, field placements, research and specialized labs in downtown Toronto, you'll graduate with the competitive edge you need to launch your dream career.

You'll also have direct access to the world's leading university incubator network, TMU's Zone Learning, where you'll develop innovative thinking, entrepreneurship and career skills. In this supportive learning environment, you'll be able to receive mentorship from seasoned professionals, work with Toronto-based startups, network with industry experts and business leaders, or even launch a company of your own.

## English language pathway programs

Meet the English language requirements for your TMU undergraduate program at our English Language Institute (ELI). Choose from a range of programs designed to improve your English language skills, boost your confidence and provide you with academic preparation for university in Canada.

With six start dates per year, you can join your English language pathway program when it's right for you. Once you complete your program, you can enter directly into the undergraduate program of your choice and apply up to three of your ELI courses toward your degree.

**RENA C.**

Graphic Communications Management, Student  
ESL Foundation Program, Class of 2021  
Hometown: Fuzhou, China

## **Succeed with support**

Fill your university journey with personalized support and career services designed for academic, personal and professional success. Our International Student Support (ISS) office makes your transition to Canada as smooth as possible. Connect one-on-one with our friendly ISS team for guidance on everything from how to get your study permit, what to pack, which clubs to join and more.

We're also here to help you find your new home away from home, whether it's in an on-campus residence or off-campus housing. If you're a first-year student with a Provincial Attestation Letter (PAL) and apply by the fall housing application deadline, you'll be guaranteed a spot in first year or supported in finding an off-campus winter option.

# #1

University in Ontario, Canada  
for student services

# 400+

Student social and cultural  
clubs including spiritual and  
faith-based groups

# 1,100+

Beds available in three  
on-campus residences
