 Dr. Darko Joksimovic
 Dr. Stephanie Melles
 Barry Orr
 Dr. Claire Oswald

Research Proposals / SRC Funding Calls

Current Funding Calls

- Upcoming**
- Catalyst Grant for the 2022 CPHO report: Mobilizing Public Health Action on Climate Change in Canada
 - Expected to launch Fall 2022
 - 2023 International Joint Initiative for Research in Climate Change Adaptation and Mitigation
 - Expected to launch January 2023
- Active**
- RISE - Globalink Research Internship
 - Call opens: November 1, 2022
 - Application deadline: December 15, 2022 (5:59 PM ET)
 - Habitat Stewardship Program for Aquatic Species at Risk
 - To apply to the HSP program, please send EOIs and/or proposals to DFO.HSPOPR-PIHROP.MPO@dfo-mpo.gc.ca
 - EOI deadline: November 14, 2022
 - Deadline to submit a proposal: December 16, 2022
 - Partnership Development Grant
 - Deadline: November 15, 2022 (8:00PM EST)
 - Mitacs Globalink Research Award
 - Call for application deadline: November 25, 2022 (5:00PM PT)
 - FOS Dean's Research Fund - Research Tools and Instrumentation (DRF-RTI)
 - Applications are being accepted until: November 30, 2022 (3:00PM)
 - FOS Dean's Research Fund - Post-Doctoral Fellowship Program (DRF-PDF)
 - Guidelines are detailed [here](#)
 - Applications are being accepted until: November 30, 2022 (3:00PM)
 - Partnership Engage Grant
 - Deadline: December 15, 2022 (8:00PM EST)
 - SRC Connection Grants
 - Deadline: February 1, 2023 (8:00PM EST)
 - Mitacs Elevate Call for Proposals - 2yr Postdoctoral Fellow Opportunity
 - Internal deadline: draft applications are due to Leslie Bone no later than January 23, 2023
 - Mitacs application deadline: February 8, 2023 (5:00PM PT)
 - NSERC Alliance International Catalyst Grants
 - No deadline, applications accepted on a rolling basis
 - NSERC Alliance International Collaboration Grants
 - No deadline, applications accepted on a rolling basis

Student Showcase

Student Leadership Committee gets ready to Swim, Drink, Fish!

Congratulations to the Urban Water TMU Student Leadership Committee who hosted their first event! UW students showcased their research and Swim, Drink, Fish gave a presentation on its work!

Thank you UW students!

If you would like to share feedback please email diana.parades@ryerson.ca.

Graduating Students

Congratulations Dr. Sarah Ariano who graduated with a PhD in watershed hydrology! And Alexis Maglalang who graduated with a Masters in LID and stormwater management!

Congratulations Dr. Farokh Kakar who was awarded the 2022 Dr. C. Ravi and Shanti Ravindran Award for Outstanding Doctoral Thesis for the Faculty of Engineering and Architectural Science.

Do you have a notable achievement you would like to share with us? Share the details with us at a11khan@ryerson.ca. We would love to feature you on our socials.

Spotlight on Urban Water Spaces

On the evening of Oct 20th, FOS hosted an alumni event that attracted more than a hundred registrants. Urban Water TMU was in the program and toured party goers through its spaces. Many thanks to the amazing researchers and HQP who stayed late to showcase their research: Eric Fries, Dr. Claire Oswald, Dr. Sarah Ariano, Katayoun Kargar, and Brianna Limkilde.

Upcoming Urban Water TMU Seminars

- Urban Water TMU seminars are held throughout the academic year, with guest speakers from across various organizations and research institutes. Please see the upcoming seminars scheduled for the Fall '22 and Winter '23 terms.
- Wednesday December 7, 10-11AM**
- Dr. Aashna Sharma from the Wildlife Institute of India will be joining us virtually to discuss her research on freshwater ecology in the Himalayas.
- [Add this event to your Google Calendar](#)
-
- Wednesday January 18, 1-2PM**
- Dr. Rachel Rosenberg Goldstein from the University of Maryland School of Public Health will be joining us to discuss her interdisciplinary work on water quality, including the most effective ways to communicate about water quality, and the perceptions and behaviors related to water use. Seminar details to follow.
- [Add this event to your Google Calendar](#)
-
- Wednesday February 15, 1-2PM**
- Dr. Todd Howell from the Ontario Ministry of Environment, Conservation and Parks will be speaking on government research on nearshore water quality and ecology in the Great Lakes. Seminar details to follow.
